PROFESSIONAL SUMMARY

Full-Stack Web Developer with professional experience developing responsive web applications within a development team and hands-on experience building full-stack applications from frontend to backend and database. Strong foundation in React.js, JavaScript, HTML, CSS, Tailwind CSS, Express.js, REST APIs, and MySQL.

Built and deployed business websites, e-commerce platforms, booking systems, and management applications, including a healthcare appointment management platform. Previous experience in e-commerce sales and client communication developed strong skills in understanding customer needs and business-oriented communication. Seeking a remote Web Developer opportunity focused on building responsive, modern, and functional web applications.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, React.js, Tailwind CSS, Responsive Web Design

Backend: Node.js, Express.js, REST APIs, JWT

Database: MySQL, Relational Database Design, SQL

Tools & Workflow: Git, GitHub, API Integration, Responsive Development

Other: E-commerce, Shopify, Meta Ads, Business Websites, Client Communication

PROFESSIONAL EXPERIENCE

CREAPLUS DIGITAL

April 2026 – August 2026

Junior Frontend Developer (Remote)

- Develop responsive web applications using React.js, JavaScript, HTML, CSS, and Tailwind CSS.
- Build reusable frontend components and integrate REST APIs.
- Translate business requirements and interface requirements into functional, responsive web experiences.
- Contribute to the development of business platforms, management systems, and brand websites.

MMG

January 2025 – October 2025

Closer & VIP Closer

- Managed sales conversations for an e-commerce training program, guiding prospects through the buying process.
- Used CRM tools to manage prospects, follow up with leads, and maintain organized customer communication.
- Handled customer objections and adapted communication to different customer needs.

MEDIAZ

December 2025 – February 2026

Closer

- Managed customer conversations and sales processes for a management program.
- Identified customer needs, handled objections, and guided prospects toward purchasing decisions.
